

ARCOLOGY TITAN

Player Manual - Version 1.0.0

You are the acting administrator of Arcology Titan, humanity's farthest city.

HOW TO PLAY

Type commands in the terminal or use the clickable buttons.

Useful commands: LOOK, EXAMINE, TAKE, USE, OPEN, SEARCH, TALK, STATUS, QUESTS, JOURNAL, HINT, SAVE, RESTORE, and movement directions.

OPENING OBJECTIVE

1. Take the administrator badge in the Arrival Concourse.
2. Go north to Operations and take the coolant regulator.
3. Go west to Reactor Two and use the regulator.

CAMPAIGN GOALS

- Restore Reactor Two
- Save the hydroponics harvest
- Recover Governor Voss's final message
- Restart methane production
- Explore Kraken Mare and descend beneath the ice

SAVING

Use SAVE to open the save manager. RESTORE loads a saved game.

ENGINE

Requires Tronsoft Interactive Fiction Engine 2.3.1 or later.
